ALL PRICES ARE NET, BOXING AND BALING EXTRA. NO CHARGE FOR PACKING BULK CARS.

SHIPPING—Please give shipping instructions whether by freight or express and route. If no instructions are given we will forward to the best of our judgment, without assuming responsibility. All goods travel at the purchaser's risk and expense.

TRUCK SERVICE—We are able to offer truck service within a radius of 300 to 500 miles from Onarga, Ill. Charges average about the same as railroad rates with delivery at your door. If interested write for further information.

CAUTION—We will accept all orders subject to crop conditions and on condition that same shall be void should injury befall our stock from hail, fire, frost, error in count, or other causes beyond our control.

GUARANTEE OF GENUINENESS—If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

CLAIMS for any cause must be made promptly on receipt of stock. We will not entertain claims after goods have been once accepted, or when report is not made within **TEN DAYS** after arrival of stock. We express or imply no warranty as to productiveness or life of the nursery stock we sell and will not be responsible for the results secured in transplanting.

INSPECTION and FUMIGATION—Certificate of inspections is furnished with each shipment and stock will be fumigated when required.

Our Landscaping Service

We have with us trained landscape architects who can transform your yard into a living picture of symmetry and charm.

Why set out shrubs and trees in a haphazard, hit-or-miss fashion and then keep changing them around in a fruitless effort to obtain a pleasing result when our landscape architect can produce the desired effect the first time at an astonishingly low cost and thus prevent loss of time and injury to your plants?

This method insures planting all stock at the proper depth, trimming and placing trees, shrubs and perennials in their proper relation to each other, thus producing the desired effect at the most reasonable expenditure of time and money.

Call or write us for particulars regarding this service; we will be more than pleased to give you the benefit of our seventy years of experience along these lines.
